

Rooted Celebration

The Challenges and Need to Move Forward

- Challenges will come in various forms
- Missionaries facing the surge of terrorist groups
- Facing the surge of Covid
- Must find ways to continue to move forward the kingdom of God
- In person /face to face is ideal for growth - Iron sharpens Iron

What is Rooted?

Rooted is a 10 week small group experience where you are rooted in your connection with God and others through the seven rhythms of daily devotions, prayer, freedom from strongholds, sacrificial giving, serving the community, sharing your story and of course celebration. It is a place of transformation that is deepened and together you pray and fast, share your faith story and serve others. Today you will hear from some of those who have experienced this together.

The Need for Celebration

Nehemiah 8:8-12

Facilitator Sharing and Recognition
