

Kingdom Living Series Part 3
Courage in the Face of Fear
Acts 4

Key Text
Acts 4:13

Courage - very broadly, involves making a decision or taking action where a risk is involved—something actual or imagined to fear. Courage is the necessary force ensuring growth rather than retreat.

We can also say, very broadly, that there is 'heroic' courage in the face of *extreme* risk, and there is also 'everyday' courage, in the face of smaller challenges.
